## HARVEST 2019 POORMAN'S ORANGE GIN

The first spirit from a new vintage series that celebrates the bounty and diversity of Australia's annual harvest. Featuring individually distilled Poorman's orange and bergamot orange peel, emerald green finger lime and lemon scented gum, this first vintage gin is bold and complex with a naturally infused orange blossom blush.

Heeding our ethos of working with local producers who focus on sustainability and understand the impact of their growing, harvesting and processing methods, the annual Harvest Series heroes the growers, providores, foragers and regions as a true expression of the ingredients and provenance behind our spirits. In future years we will look forward to featuring other annual spirits as part of the Harvest vintage series – including gin, vodka, whisky, rum and other spirits.
